# Essential Information about the Audiovisual Industry in Croatia

## THE CROATIAN AUDIOVISUAL CENTRE

The Croatian Audiovisual Centre (HAVC) is the Government-backed national agency responsible for supporting film production in Croatia. It aims to stimulate a successful, vibrant film industry as well as to promote the widest possible enjoyment and understanding of audiovisual works throughout Croatia. As a main audiovisual agency in Croatia, we have the overall responsibility for the growth of the domestic audiovisual industry.

HAVC was founded in 2008 as a result of the Law on Audiovisual Activities (Official Gazette NN 76/07), unanimously passed by the Croatian Parliament in 2007. It is funded by the grant-in-aid from the Government, and through contributions of all those exploiting audiovisual works, such as: broadcasters, digital, cable and satellite operators, internet providers, telecoms, etc.

Our remit ranges from supporting development, production, distribution, exhibition, marketing and promotion, to professional training and supporting national film archive through the system of public subsidies. HAVC also promotes Croatian films and co-productions at all major festivals and markets and administers Croatian cash rebate scheme for film and TV production, aimed at encouraging inward investment.

## FUNDING

The Centre's budget for programme activities in 2016 was about 8,5 million €, which includes funding for development and production support, as well as funding for other film related activities. Additional public support bodies in the country are City Offices for Culture in Zagreb, Rijeka and Split.

## DEVELOPMENT

Development Fund supports both script and project development for feature-length films: fiction, documentaries and animation intended for theatrical release. There is also a Television Development Fund supporting development of quality television series, serials and single projects.

## PRODUCTION

### FEATURE FILMS

We support the production of Croatian feature films and international feature film co-productions. We currently operate two feature film support schemes: Feature Film Support Scheme and First Feature Film Support Scheme.

### DOCUMENTARY FILMS

We support production of high-quality and distinctive documentary filmmaking, both feature length and shorts, as well as documentary co-productions.

### SHORT FILMS

Short films can help new filmmakers break into the mainstream. We currently operate three separate short film support schemes: for fiction, animation and experimental shorts.

### ANIMATED FILMS

Animation has a long and venerable tradition in Croatia, dating back to the mid 1950s and culminating in the work of the world-renowned Zagreb School of Animation in the 1960s and 1970s. Today, a new generation of Croatian animation talent has been reaping awards at home and abroad. We currently operate two funding schemes for animation: feature-length animation scheme and animation shorts scheme.

## CO-PRODUCTIONS

HAVC supports international co-productions with minority Croatian participation: feature-length fiction, documentaries and animation, as well as fiction, animation and experimental shorts. The call for applications for this scheme is an open call with decisions taken on a quarterly basis.

Croatia is a signatory to the European Convention on Cinematographic Co-production, a member of Eurimages and a member of Creative Europe Programme / MEDIA Sub-programme. Bilateral co-production agreements include Canada, France, Germany and Italy.

## Facts and Figures 2016

Co-productions (minority co-productions)	7
Number of screens	158
Average ticket price	3,8 €
Market share of national films	4%

## DISTRIBUTION AND EXHIBITION

Two major film distributors: Blitz Film & Video and its sister company Duplicato dominate Croatian theatrical distribution marked with a combined share of around 74%, followed by ZIFILM at 16% and several other film distributors with less than 10% share. The us and uk titles comprise a large majority of first release titles in Croatian cinemas, with dominant market share. The overall cinema admissions in Croatia have been at almost the same level since 2012, peaking at 4.3 million in 2016.

In 2016, Croatian cinemas screened a total of 16 Croatian feature films (including minority co-productions) and 6 documentary films. The number of released titles was influenced by numerous factors – notably, the large number of digitised screens, continuous work on the Croatian Independent Cinemas Network, as well as projects like “Film on the Road”, which aims to decentralize premiere screenings of Croatian feature films. As the result, numerous premieres took place in cities throughout Croatia, accompanied by their film crews.

## **FILMING IN CROATIA**

### **Production Incentive Programme**

This is a rebate scheme for film and television productions made in Croatia, available as of 2012. The rebate applies to Feature Films, Documentaries, Short Films, Television Drama and Animation, and does not apply to Commercials, Reality, Game Shows and Soaps.

Projects can derive a benefit of 20% of their qualifying expenditure, which is based on the cost of Croatian cast and crew working in Croatia, as well as goods and services purchased in Croatia.

In the past five years, a total of 34 productions benefited from the Programme, originating from countries as varied as the us, the uk, India, France, Belgium, Germany, Switzerland, The Netherlands, Finland, Denmark and Sweden.

As an integral part of the Croatian Audiovisual Centre, Filming in Croatia Department administers the Production Incentive Programme and promotes Croatia as a location for international production. If you are considering shooting your next project in Croatia, Filming in Croatia is an excellent first point of contact.
